

Bebras® Challenge USA - Privacy Notice

This statement informs you on how we handle all personal data that Bebras® gains from her participants on www.bebaschallenge.org and <http://challenge.bebaschallenge.org>.

Automated Collection of Browsing Data

As with most other web servers, when you access these web pages certain information you provide will automatically be recorded. This will include your IP address, browser type, and information relating to the page you last visited. This information is processed to estimate how much usage of the server is made by different categories of users and in the event of a breach of security may be used to aid detection.

Non-Automated Collection of Personal Information

The website www.bebaschallenge.org will not ask you for any personal data. The USA competition website <http://challenge.bebaschallenge.org/> will require teachers who wish to register to give their names and schools, and to specify name and gender of each competing student. Name and school information will be used only for the purposes of the competition, and will be provided only to those teachers involved in the organization of such activities. If a second round is held in your area the teachers of the top students will be contacted. No students will not be contacted directly. No contact information of students will be collected. Gender information will be used only for anonymised statistical analysis of results. The latter analysis may involve passing of performance and gender statistics for the USA (but never names of students, teachers or schools) to our international partners.

Retention of Information

Personal information relating to students will remain on the website for up to three months to enable checking of results by the participants. Only teachers are able to download certificates with names and scores of participants of their school. Thereafter, all such information, including the names and results of all students will be deleted and results will become inaccessible. Contact information for teachers is retained to facilitate communication about future competitions.

Cookies

Cookies are small text files that are placed on your device by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site. Our website www.bebaschallenge.org and the linked international competition website at <http://challenge.bebaschallenge.org> use only cookies that are strictly necessary for the operation of the service, e.g. to keep track of user sessions and count which web browsers are being used. By using these websites you agree that we can place these types of cookies on your device. We do not use cookies to collect any personal information about you.

Contact
